*Answers to questions from interested suppliers
in the competitive procedure with negotiation
"Engineering services for preparation, procurement
and supervision of Rail Baltica Control-Command
 and Signalling subsystem deployment",
identification number RBR 2020/18*

RB Rail AS presents following answers to questions received from the interested supplier until 6 November 2020:

Nr.	Question	Answer
1.	Is it allowed to participate in more than one Proposal as "Subcontractor"? Are there any restrictions for this 1st phase?	The Public Procurement Law of the Republic of Latvia (hereinafter – Public Procurement Law) and the competitive procedure with negotiation "Engineering services for preparation, procurement and supervision of Rail Baltica Control-Command and Signalling subsystem deployment", (identification number RBR 2020/18) regulation (hereinafter – Regulation) does not restrict the company's participation in the procurement as a subcontractor to several candidates (in several applications), but one of the main public procurement principles specified in the Public Procurement Law must be followed - free competition of economic operators.
		Procurement commission draws attention that in any case applications shall be developed independently and each candidate shall certify this by signing the application for participation in the Procurement (please see Clause 6 of the **Annex No 1 "Application" of the Regulations**).
		If a possible violation of Competition Law of the Republic of Latvia has been occurred, the Procurement commission is obliged to report it to the Competition Council of the Republic of

		Latvia and the candidate as well as its subcontractor may be penalized.

Sincerely,

Procurement commission vice-chairperson   V. Ezergaile
